

Life Ministries Instruction and Syllabus for Life Class II Online

At the Life Ministries website on the Life Class II webpage you will find most all you need to complete the class. You will find each session listed with a teaching video, notes which includes the class outline and blanks to fill in, and a homework sheet listing homework for that week. The books, audio, and videos listed on the class check list are also required to complete the training. There will also be links on the website to resources, sites and other tools that are on the check list and/or suggested as homework.

Life Class II is \$600.00 total. A down payment of \$100.00 is required prior to having access to Life Class II webpage on the Life Ministries website. You will correspond with the facilitator primarily by email, but there may be times to meet in person, phone, or by Skype. Once the down payment is paid, you will be sent each student's email in your class to correspond with as well.

Below is the suggested schedule for the class. However, you may not follow the schedule exactly, but you must finish the class by the 40th week of being given access to the webpage to get your certificate. The class facilitator must approve any exceptions.
